Comparison Benefits with Video Production

No.	VIDEO PRODUCTION	3-D IMAGING/ PREMISES MAPPING
1.	Many separate pictures and videos need to be taken	Pictures and video need to be taken only once
2.	Users will need to watch the entire length of video	Users can navigate the premises in any way they chooses
3.	Video often have to be shared, which takes up space	A shareable link can be used to view the 3-D images
4.	Not very interactive and not user friendly	Much more interactive and user friendly
5.	Not much Features & Tools that can be utilised	A lot of Features & Tools can be utilised to engage the users
6..	Time and Costs to make the video is exorbitant	Doesn't cost much to capture the images
7..	Rate of Return on Investment is lower	Rate of Return on Investment is higher
